Elizabeth Manning Hawthorne - Elizabeth Manning Hawthorne - 2006
An annotated selection of unpublished letters by Nathaniel Hawthorne's sister. Retrieved from seven different libraries, this corpus of letters was preserved by the Manning family chiefly for their value as records of Nathaniel Hawthorne's life and work; but they ironically also illuminate the life and mind of a fascinating correspondent and citizen of New England with incisive views and commentaries on her contemporaries, her role as a woman writer, Boston and Salem literary culture, and family life in mid-19th-century America. This book illuminates Elizabeth's early life; the trauma caused for sister and brother by the death of their father; her and her brother's education; and the tensions the two children experienced when they moved in with their mother's family, the wethlier Mannings, instead of the poorer though socially more venerable Hawthornes, following their father's death. The letters portray Elizabeth's constrained relationship with Nathaniel's wife Sophia Peabody and counter Sophia's portrayal of her sister-in-law as a recluse, oddity, and 'queer scribbler.' These 118 letters also reveal Elizabeth Hawthorne's tremendous gifts as a thinker, correspondent, and essayist, her interest in astronomy, a lifelong drive toward self-edification in many fields, and her extraordinary relationship with Nathaniel. As a sibling and a fellow author, they were sometimes lovingly codependent and sometimes competitive. Finally, her writing reveals the larger worlds of politics, war, the literary landscape, class, family life, and the freedoms and constraints of a woman's role, all by a heretofore understudied figure.

The Life and Genius of Nathaniel Hawthorne (Classic Reprint) - Frank Preston Stearns - 2017-11-24
Excerpt from The Life and Genius of Nathaniel Hawthorne Oirs and of Elizabeth Manning's account of the boyhood of Hawthorne have placed before the world much that is new and valuable concerning the earlier portion of Hawthorne's life, of which previous biographers could not very well reap the advantage. I have made thorough researches in regard to Hawthorne's American ancestry, but have been able to find no ground for the statements of Conway and Lathrop, that William Hathorne, their first ancestor on this side of the ocean, was directly con nected with the Quaker persecution. Some other mistakes, like Hawthorne's supposed con nection and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Sophia Peabody Hawthorne - Patricia Dunlavy Valenti - 2015-05-26
As is often the case with spouses of celebrities, Sophia Peabody Hawthorne was overshadowed by her husband. While Nathaniel Hawthorne is renowned for numerous publications, including The Scarlet Letter, that staple in high school English curricula, Sophia's remarkable life and career did not receive the recognition they deserve. She was, however, a source for many of Nathaniel's stories and responsible for much that he accomplished. Sophia was an artist, one of the first in America to earn income from her painting and decorative arts; she was also a writer and traveler to foreign countries at a time when women typically confined their activities to the home. Patricia Dunlavy Valenti began to tell this story in Sophia Peabody Hawthorne: A Life, Volume 1, 1809-1847 (2004). This biography concludes now in a second volume, which details the less examined and more surprising second half of Sophia's life. Valenti's thorough research culminates in a compelling, revealing account of Sophia's travels to Britain and Europe and her intense personal relationships outside her marriage with men and women, among them notable figures in American history and literature. As an impoverished widow, Sophia dealt resourcefully with the consequences of her husband's financial carelessness; as a mother, her liberal practices resulted in unintended, sometimes unfortunate consequences. Throughout every vicissitude, her relentless optimism prevailed. With the publication of Sophia Peabody Hawthorne: A Life, Volume 2, 1848-1871, Sophia emerges forever from the shadow cast by her husband. Historians and general readers alike will be drawn to this riveting account of an interesting, important woman and what her life reveals about American history and culture at a moment of national conflict, emerging class divisions, and evolving gender roles.

Hawthorne - Brenda Wineapple - 2012-01-11

Handsome, reserved, almost frighteningly aloof until he was approached, then playful, cordial, Nathaniel Hawthorne was as mercurial and double-edged as his writing. “Deep as Dante,” Herman Melville said. Hawthorne himself declared that he was not “one of those supremely hospitable people who serve up their own hearts, delicately fried, with brain sauce, as a tidbit” for the public. Yet those who knew him best often took the opposite position. “He always puts himself in his books,” said his sister-in-law Mary Mann, “he cannot help it.” His life, like his work, was extraordinary, a play of light and shadow. In this major new biography of Hawthorne, the first in more than a decade, Brenda Wineapple, acclaimed biographer of Janet Flanner and Gertrude and Leo Stein (“Luminous”-Richard Howard), brings him brilliantly alive: an exquisite writer who shoveled dung in an attempt to found a new utopia at Brook Farm and then excoriated the community (or his attraction to it) in caustic satire; the confidant of Franklin Pierce, fourteenth president of the United States and arguably one of its worst; friend to found a new utopia at Brook Farm and then excoriated the community (or his attraction to it) in caustic satire; the confidant of Franklin Pierce, fourteenth president of the United States and arguably one of its worst; friend to

Dearest Beloved - T. Walter Herbert - 1993-02-15

The marriage of Nathaniel and Sophia Hawthorne—for their contemporaries a model of true love and married happiness—was also a scene of revulsion and combat. T. In so doing, he sheds new light on Hawthorne’s fiction, with its obsessive themes of guilt and
grief, balked feminism and homosexual seduction, adultery, patricide, and incest.

Hawthorne in His Own Time - Ronald A Bosco - 2007-06-01

At his death, Nathaniel Hawthorne (1804–1864) was universally acknowledged in America and England as "the Great Romancer." Novels such as The Scarlet Letter and The House of the Seven Gables and stories published in such collections as Twice-Told Tales continue to capture the minds and imaginations of readers and critics to this day. Harder to capture, however, were the character and personality of the man himself. So few of the essays that appeared in the two years after his death offered new insights into his life, art, and reputation that Hawthorne seemed fated to premature obscurity or, at least, permanent misrepresentation. This first collection of personal reminiscences by those who knew Hawthorne intimately or knew about him through reliable secondary sources rescues him from these confusions and provides the real human history behind the successful writer.

Remembrances from Elizabeth Peabody, Sophia Hawthorne, Oliver Wendell Holmes, Ralph Waldo Emerson, Bronson Alcott, Rebecca Harding Davis, and twenty others printed in Hawthorne in His Own Time follow him from his childhood in Salem, through his years of initial literary obscurity, his days in the Boston and Salem Custom Houses, his service as U.S. Consul to Liverpool and Manchester and his life in the Anglo-American communities at Rome and Florence, to his late years as the "Great Romancer." In their enlightening introduction, editors Bosco and Jillmarie Murphy assess the postmortem building of Hawthorne’s reputation as well as his relationship to the prominent Transcendentalists, spiritualists, Swedesborgians, and other personalities of his time. By clarifying the sentimental associations between Hawthorne’s writings and his actual personality and moving away

"Deep as Dante," Herman Melville said. Those vibrant, independent women continue to haunt the imagination, although Hawthorne often punishes, humiliates, or kills them, as if exorcising that which enthralls. Here is the man rooted in Salem, Massachusetts, of an old pre-Revolutionary family, reared partly in the wilds of western Maine, then schooled along with Longfellow at Bowdoin College. Here are his idyllic marriage to the youngest and prettiest of the Peabody sisters and his longtime friendships, including with Margaret Fuller, the notorious feminist writer and intellectual. Here too is Hawthorne at the end of his days, revered as a genius, but considered as well to be an embarrassing puzzle by the Boston intelligentsia, isolated by fiercely held political loyalties that placed him against the Civil War and the currents of his time. Brenda Wineapple navigates the high tides and chill undercurrents of Hawthorne’s fascinating life and work with clarity, nuance, and insight. The novels and tales, the incidental writings, travel notes and children’s books, letters and diaries reverberate in this biography, which both charts and protects the dark unknowable core that is quintessentially Hawthorne. In him, the quest of his generation for an authentically American voice bears disquieting fruit.

The diaries in this collection include the writings of four young people between the ages of twelve and twentya

**Hawthorne and Melville** - Jana L. Argersinger - 2008
Herman Melville and Nathaniel Hawthorne met in 1850 and enjoyed for sixteen months an intense but brief
friendship. Taking advantage of new interpretive tools such as queer theory, globalist studies, political and social
ideology, marketplace analysis, psychoanalytical and philosophical applications to literature, masculinist theory,
and critical studies of race, the twelve essays in this book focus on a number of provocative personal, professional,
and literary ambiguities existing between the two writers, Jana L. Argersinger and Leland S. Person introduce the
volume with a lively summary of the known biographical facts of the two writers’ relationship and an overview of
relationship, a question that “looms like a grand hooded phantom” over the field of Melville-Hawthorne studies.
Questions of influence—Hawthorne’s on Moby-Dick and Pierre and Melville’s on The Blithedale Romance, to
mention only the most obvious instances—are also discussed. Other topics covered include professional
competitiveness; Melville’s search for a father figure; masculine ambivalence in the marketplace; and political-
literary aspects of nationalism, transcendentalism, race, and other defining issues of Hawthorne and Melville’s
times. Roughly half of the essays focus on biographical issues; the others take literary perspectives. The essays
are informed by a variety of critical approaches, as well as by new historical insights and new understandings of
the possibilities that existed for male friendships in nineteenth-century American culture.
