Irving Stone - 1975

Homer's stories of Troy are part of the foundations of Western culture. What's less well known is that they also inspired Ottoman-Turkish cultural traditions. Yet even with all the historical and archaeological research into Homer and Troy, most

Troy and Its Remains

Homer's stories of Troy are part of the foundations of Western culture. What's less well known is that they also inspired Ottoman-Turkish cultural traditions. Yet even with all the historical and archaeological research into Homer and Troy, most

Troy: one of the most captivating and mysterious stories of antiquity But was Troy an actual place or just a legend of Homer's epic? It took the most unlikely of people, Heinrich Schliemann--a grocer's-apprentice turned self-made archaeologist, courageous and driven--to solve one of the greatest puzzles in history. His extraordinary discovery of ruins of Troy and the Mycenaean sites Mycenae and Tiryns as he interpreted them, lends weight to the idea that Homer's Iliad and Virgil's Aeneid reflect actual historical events.

The Fall of Troy: Peter A. Brivio - 2008-10-21

In The Fall of Troy, scholar and author Peter A. Brivio creates a fascinating narrative that follows an archaeologist’s obsession with finding the ruins of Troy. Implopping the Cypriot lord Iliou Nestor and the Trojan women, Brivio chronicles Schliemann’s lifelong search for the remains of the city that he believed to be the setting of Homer’s Iliad. As the story unfolds, Brivio captures Schliemann’s passion and determination, and offers a fascinating glimpse into the ways in which the stories of the ancients and the archaeological discoveries of the modern world have shaped our understanding of history and culture.

This book offers a new perspective on the life and career of Heinrich Schliemann, the amateur archaeologist who discovered the tomb of the Trojan War hero Agamemnon. Braymer draws on a wealth of new material to paint a vivid picture of Schliemann’s life, from his early years in Germany to his later adventures in the Near East. She explores Schliemann’s relationships with key figures of the Victorian era, including Queen Victoria and Prince Albert, and his role in shaping the modern discipline of archaeology.

The Unlikely Hero: Heinrich Schliemann and the Origins of Modern Archaeology - Timothy Severin - 2002

This book provides a comprehensive overview of Schliemann’s life and work, focusing on his key excavations at Hissarlik (ancient Troy) and Mycenae. It offers a detailed exploration of Schliemann’s relationship with Queen Victoria, his role in the discovery of the Tomb of Agamemnon, and his impact on the development of modern archaeology. The Unlikely Hero is a thorough and engaging examination of one of the most fascinating figures in the history of archaeology.

The Rough Guide to Turkey - Mark Ellingham - 2007

This guidebook offers a comprehensive overview of Turkey, covering everything from the country’s rich history and culture to its cuisine and natural beauty. The Rough Guide to Turkey is a practical and reliable resource for anyone planning a trip to this fascinating country, providing detailed information on everything from accommodation and transportation to activities and attractions.
