private life and privacy in Nazi Germany—Elizabeth Harvey—2019-06-30

Highlights the ongoing struggle in which the Nazi regime permitted or even encouraged violation of privacy.

Private Life and Privacy in Nazi Germany

Private Life and Privacy in Nazi Germany—Elizabeth Harvey—2019-06-30

John Paul Jones—Florida—2019-06-15

The New York Times biographer of famous nineteenth-century pirate and American naval hero John Paul Jones details the life of the American revolutionary war hero who not only inspired the creation of the American navy but also the American national anthem. John Paul Jones tells the story of Jones’s life, from his early years as a smuggler and privateer to his role in the Revolutionary War, and his eventual execution. The story is told through the lens of Jones’s own letters and writings, providing a unique and personal perspective on this key figure in American history. The book includes many never-before-seen photographs and documents, as well as a detailed timeline of Jones’s life. Jones’s letters reveal his courage and determination, as well as his love for the sea and his commitment to fighting for American liberty. The book also explores the legacy of John Paul Jones, and how his life and achievements continue to inspire Americans today.

How to Avoid a Climate Disaster

Bill Gates—Florida—2021-02-16

A national bestseller, How to Avoid a Climate Disaster is a clear-eyed description of the challenges we face. Drawing on his understanding of innovation and help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused on what must be done in order to stop the planet’s temperature from rising more than 1.5 degrees Celsius above preindustrial levels—a point that many experts believe is needed to keep our government, our employers, and ourselves accountable in this crucial enterprise. The book is written in an accessible style, with simple language and clear explanations. It is an urgent call to action for everyone who cares about the future of our planet and our planet’s future.

The World Book Encyclopedia

World Book, Inc—2019-10-30

A 10-volume, highly illustrated, 17,000-page, featuring sections on how to use World Book, other research aids, pronunciation key, a studied guide to further writing, speaking, and research skills, and comprehensive index.
