Five Things to Know About the Australian Constitution - Helen Irving - 2004-11-25
In this excellent new book, Helen Irving delves into the mystery that is the Australian constitution by discussing the major national debates of recent years. Many people want to understand and take part in the debate about constitutional issues but they face a significant hurdle: the constitution is almost unreadable. It does not mean what it says, and nor does it say what it means. There are many myths in circulation about what the constitution says and as many assumptions about what it does. Helen Irving, one of this country’s foremost constitutional experts, puts various constitutional confusions to rest, and invites a general audience into an understanding of the issues that were once reserved for experts.

5 Things to Know and Debate Before You Vote - Hindol Sengupta - 2015-09-01
With terrifying standards in everything from personal hygiene to financial probity, Indian democracy is gravely imperilled. But is that the debate you hear? Is that what resonates across campaign speeches? Assailed by the question of who are we to vote for, we are forgetting the other vital question-what are we to vote for? This book is a shout-out, a call to action to talk about the things that matter-or should matter to most of us as citizens-from how much time the Lok Sabha wastes during sessions to how much MPs are worth and how many of them hold criminal records. Are our MPs ‘too far away’? After all, if a democracy has to work, the agenda needs to be set by voters as much as by political parties.
not contain chemicals. So how can a behaviour, rather than a chemical, be addictive? But more important questions re - why is it that certain people become addicted and other not? Why do people become more addicted at certain times of their lives than others? And once you’re an addict – are you always an addict or can you change? Basically, if you’ve ever wondered how
addictions work and, more importantly, how to break them – then you’re in the right place. It all comes back to the way in which we learn to feel. Whether it’s an induction to one of my online courses or a book - one of the first little pieces of awareness I like to direct people’s attention to, is the way in which our unconscious mind learns to feel. And that is through transference, which basically refers to the concept that feelings ‘rub off’. The classic example marketers use are things like celebrity endorsements. They take a known face that people already have existing feelings towards. When that celebrity endorses a brand with repetition, some of those feelings ‘rub off’ onto the brand. And they rub off onto additional product lines and so forth. This is why, when a celebrity becomes embroiled in a sex scandal or some kind of controversy, all the advertisers pull their sponsorships. They don’t want negative feelings to transfer. The lesson is this. Feelings ‘rub off’. Certain feelings more so than others but we are going to get to the bottom of this throughout the book.

The 5 Things You Need to Know about Statistics

- William W Dressler
- 2016-06-03
The 5 Things You Need to Know about Statistics provides an accessible introduction to statistical thinking for anthropologists and other social scientists who feel some mixture of dread and loathing when it comes to quantification and data analysis. It is not so much an introduction to statistics as a primer on how to think statistically in order to do precise ethnographic studies. Readers will be empowered by the realization that statistics is not an arcane, enigmatical science but a set of tools for learning about the world in which we live. Unlike other books on statistics for beginners, this book-guides readers through the underlying logic of the major statistical methods before applying those methods in interpreting ethnographic research, thus emphasizing understanding of quantitative methods:-uses a single data set in explaining each method, allowing readers to grasp how different methods offer varying interpretations of the data;-

The Five Things We Cannot Change - David Richo - 2006-06-13
Why is it that despite our best efforts, many of us remain fundamentally unhappy and unfulfilled in our lives? In this provocative and inspiring book, David Richo distills thirty years of experience as a therapist to explain the underlying roots of unhappiness—and the surprising secret to finding freedom and fulfillment. There are certain facts of life that we cannot change—the unavoidable "givens" of human existence: (1) everything changes and ends, (2) things do not always go according to plan, (3) life is not always fair, (4) pain is a part of life, and (5) people are not loving and loyal all the time. Richo shows us that by dropping our deep-seated resistance to these givens, we can find liberation and discover the true richness that life has to offer. Blending Western psychology and Eastern spirituality, including practical exercises, Richo shows us how to open up to our lives—including to what is frightening, painful, or disappointing—and discover our greatest gifts.

is the exception Instead of sweeping this topic under the rug, Miller wants to change the narrative. In this immensely practical and well-researched book, she equips parents to have meaningful and age-appropriate conversations with their children about sex, pornography, and sexual abuse. She advises parents on how to keep the lines of communication open so that their children know they can trust them with their fears, struggles, and mistakes. Most important, she offers hope to worried parents that their children can grow up with a healthy biblical view of sex as a gift from God.

On paper, Nora’s life looks perfect. She’s moving in with her boyfriend Dan, she has a stable job and a great group of friends. But she’s stuck in what she refers to as “meta-life,” the plight of overthinking and second-guessing to the point of self-sabotage. One day at work, Nora decides to thwart her meta-life by following her instincts. In what feels like a moment of revelation, she quits her job. Immediately, her meta-life goes into overdrive: What on earth was she thinking—and what is she going to do now? Fortunately, when a friend asks Nora to rewrite her Internet dating profile, she realizes that not only is she good at it, but she really enjoys it. Billing herself as a Cyrano de Bergerac for the lovelorn, Nora finally begins to find professional success. But soon, Nora’s meta-life has latched onto the question she’s asked so many clients: What are the five things she can’t live without? Is her flourishing business one of them? Is Dan? With each new client and each step she takes in her own relationship, she must confront her biggest demon—her self-sabotaging “meta-life." But will she be able to slay it forever?

Five Things About Ava Andrews - Margaret Dilloway - 2020-06-09
From Margaret Dilloway, author of Summer of a Thousand Pies, comes a
heartfelt and funny story about a shy eleven-year-old who learns to manage
her anxiety through improv classes—and discovers her activist voice.
Perfect for fans of Sharon Draper, Lynda Mullaly Hunt, and Holly Goldberg
Sloan. Eleven-year-old Ava Andrews has a Technicolor interior with a gray
shell. On the inside, she bubbles with ideas and plans. On the outside,
a few pets. Depending on the severity of your allergies, you will be able to
stick-up. What nobody knows is that Ava has invisible disabilities: anxiety
and a heart condition. Ava hopes middle school will be a fresh start, but
when Zelia moves across the country and Ava’s Nana Linda pushes her to
speak up about social issues, she withdraws further. So Ava is shocked
when her writing abilities impress her classmates and they invite her to join
their improv group, making up stories onstage. Determined to prove she can
control her anxiety, she joins—and discovers a whole new side of herself,
and what it means to be on a team. But as Ava’s self-confidence blossoms,
her relationship with Zelia strains, and she learns that it isn’t enough just to
raise your voice—it’s how and why you use it that matters.

Five Things I Did Right & Five Things I Did Wrong In Raising Our Children
- Sarah Maddox - 2016-03-01
Throughout her speaking ministry, Sarah Maddox has spoken to and taught thousands of young mothers. She has often been asked the question, "What would you do differently in raising your children if you had to do it again?" Five Things I Did Right and Five Things I Did Wrong in Raising our Children gives some answers to that question. She chooses ten areas of child rearing to reflect, with the hindsight of wisdom, on some things she did right and some things she wished she had done differently. Mothers will benefit from the lessons Sarah has learned, some of them the hard way. This book is a testimony that God is faithful when we seek to honor Jesus in our families.

**Five Things To Know Before You Get Sober** - Nicolas Morales - 2021-01-04
This book describes five elements of recovery that have been learned through experience. It explains raw realities that may not be covered in counseling, therapy, or treatment facilities. It allows the reader to see into these elements and prepare for them so the path to recovery may be accomplished with less roadblocks. It can also be used as a tool for individuals who are dancing around the idea of recovery. Through lived experience of addiction to opiates and alcohol, these five elements were the most shocking, rough, and problematic to a successful recovery. Addiction has no concern for the individual it plagues. The battle against it is unique to each person. These elements are generic in nature with the hope the reader will apply the topics to their own struggles.

**Five Things My Mom Taught Me** - Marlo Wright - 2014-01-17
After teaching life skills I learned along the journey of life, from key experiences and from my mom over many years, it was time to give a larger platform to the woman who I consider to be the best woman ever. This first book of the series talks about five foundational things my mom wanted me to know about being a better woman. Mom is a woman of substance and fortitude. Sharing her invaluable advice is for all women—women who never had a mom, who had a mom that didn’t act like a mom, and even those who had great women as moms. The more we learn the more we grow. After all, our journeys as women are so different, yet all the same.

**The Five Things** - Beth Merwood - 2021-05-03
For nine-year-old Wendy, the summer of 1969 will never be forgotten. Local kids have always told stories about the eerie wood on the outskirts of the village, and Wendy knows for sure that some of them are true. Now the school holidays have started and she's going to the wood again with Anna and Sam, but they soon become convinced that someone is trying to frighten them off. When a terrible event rocks the coastal community, the young friends can't help thinking there must be a connection between the incident, the tales they've heard, and the strange happenings they've begun to witness. As glimpses of a darker world threaten their carefree existence, they feel compelled to search out the underlying truth.

about the world in which we live. Unlike other books on statistics for beginners, this book guides readers through the underlying logic of the major statistical methods before applying those methods in interpreting ethnographic research, thus emphasizing understanding of quantitative methods; uses a single data set in explaining each method, allowing readers to grapple with how different methods offer varying interpretations of the data; discusses increasingly complex techniques in plain, easy-to-understand language intended for beginning students; covers five central ideas: central tendency, dispersion, Chi-square, ANOVA, correlation; shows readers how to use these quantitative statistical methods in doing real-life ethnographic fieldwork.

Five Things They Never Told Me - Rebecca Westcott - 2015-03-05
A story to be felt and not forgotten, from the acclaimed author of Dandelion Clocks and Violet Ink... It's a glorious summer and Erin and Martha are both stuck at Oak Hill Home for the Elderly. Erin is fed up: no one is listening to her, not her mum, nor her dad, nor her friends. She does not want to spend the summer helping out in an old people's home. Martha is even more angry: she doesn't want to be living in the home and she can't make herself understood at all. Misunderstood and feeling ignored by everyone, they are equally frustrated by the situation. But as Erin learns to listen to Martha, she discovers some very important lessons about making her own voice heard.

The Other Americans - Laila Lalami - 2019-03-26
***2019 NATIONAL BOOK AWARD FINALIST*** Winner of the Arab American Book Award in Fiction Finalist for the Kirkus Prize in Fiction Finalist for the California Book Award Longlisted for the Aspen Words Literary Prize A Los Angeles Times bestseller Named a Best Book of the Year by The Washington Post, Time, NPR, Minneapolis Star Tribune, Dallas Morning News, The Guardian, Variety, and Kirkus Reviews Late one spring night in California, Driss Guerraoui—father, husband, business owner, Moroccan immigrant—is hit and killed by a speeding car. The aftermath of his death brings together a diverse cast of characters: Guerraoui's daughter Nora, a jazz composer returning to the small town in the Mojave she thought she'd left for good; her mother, Maryam, who still pines for her life in the old country; Efraín, an undocumented witness whose fear of deportation prevents him from coming forward; Jeremy, an old friend of Nora’s and an Iraqi War veteran; Coleman, a detective who is slowly discovering her son’s secrets; Anderson, a neighbor trying to reconnect with his family; and the murdered man himself. As the characters—deeply divided by race, religion, and class—tell their stories, each in their own voice, connections among them emerge. Driss’s family confronts its secrets, a town faces its hypocrisies, and love—messy and unpredictable—is born. Timely, riveting, and unforgettable, The Other Americans is at once a family saga, a murder mystery, and a love story informed by the treacherous fault lines of American culture.

**Five Things Theologians Wish Biblical Scholars Knew** - Hans Boersma
- 2021-09-07
The relationship between theology and biblical studies is often marked by misunderstandings, methodological differences, and cross-discipline tension. With an irenic spirit as well as honesty about differences that remain, theologian Hans Boersma highlights five things he wishes biblical scholars knew about theology so that these disciplines might once again serve the church hand in hand.

**The Joy Diet** - Martha Beck - 2008-06-03
Discover a menu of ten behaviors you can add to your way of living and thinking to enhance every day’s journey through the unpredictable terrain of your existence. Add these behaviors gradually and watch your life become steadily more vivid and satisfying. Or you can go on a “crash Joy Diet” to help you navigate life’s emergencies. The ten menu items are: • Nothing: Do nothing for fifteen minutes a day. Stop mindlessly chasing goals and figure out which goals are worth going after. • Truth: Create a moment of truth to help you unmask what you’re hiding—from others and from yourself. • Desire: Identify, articulate, and explore at least one of your heart’s desires—and learn how to let yourself want what you want. • Creativity: Learn six new ways to develop at least one new idea to help you obtain your heart’s desire—and how to let yourself want what you want. • Risk: Take one baby step toward reaching your goal. The only rule is it has to scare the pants off you. • Treats: Give yourself a treat for every risk you take and two treats just because you’re you. No exceptions. No excuses. • Play: Take a moment to remember your real life’s work and differentiate it from the games you play to achieve it. Then play wholeheartedly. • Laughter: Laugh at least thirty times a day. Props encouraged. • Connection: Use your Joy Diet skills to interact with someone who matters to you. • Feasting: Enjoy at least three square feasts a day, with or without food. No matter what your long-term goals are, The Joy Diet, written with Martha Beck’s inimitable blend of wisdom, practical guidance, and humor, will help you achieve the immediate gift of joyful

Revelation - - 1999-01-01
The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Color for Designers - Jim Krause - 2014-09-24
Most of today’s books on color lean in one of two directions: toward heavy-handed theory-speak or toward ready-to-use palettes that will likely be out-of-date before the book has received its first coffee stain. Color For Designers leans in neither direction, instead choosing to simply tell it like it is while bringing home the timeless thinking behind effective color selection and palette building. In this fundamental guide to understanding and working with color, bestselling author Jim Krause starts out by explaining the basics with an introduction to the color wheel, hue, saturation, value, and more. He then dives deeper into the practical application of color with instruction on how to alter hues, create palettes, target themes, paint with color, use digital color, and accurately output your colorful creations to print. The book is set up in easy-to-digest spreads that are straight-to-the-point, fun to read, and delightfully visual. Color For Designers—releasing on the heels of its companion volume, Visual Design—is the second book in the New Riders Creative Core series, which aims to provide instruction on the fundamental concepts and techniques that all designers must master to become skilled professionals.

**Color for Designers** - Jim Krause - 2014-09-24

For almost a decade, popular priest and YouTube personality Fr. Bill Byrne wrote a column titled “5 Things” for his local church newspaper featuring five life hacks, prayer starters, or spiritual meditations to help readers grow closer to God and appreciate the small—but vital—things in life. Now, in a practical and engaging guide to embracing happiness, 5 Things with Father Bill features fifty topics to enhance ordinary days and holidays with insights, reflections, and encouragement. Filled with wisdom and whimsy, readers will learn: ways to conquer fear, how to be a genius, the power of blessings and prayers, saints to emulate, tips for Lent, Easter, Advent and Christmas, and even lessons from Maggie, Fr. Bill’s pet Labrador retriever. Witty and endearing with hands-on, real-world advice, 5 Things with Father Bill makes the perfect gift for readers looking for a burst of inspiration and a dose of good cheer.

**5 Things to Pray for Your Parents** - Chelsea Stanley - 2021-05-01

Fresh ideas to help you pray for your parents. The Bible calls us to honor our parents—and one way we can do that is by praying for them. Little children often see their mothers and fathers as the ones with all the answers. It’s not until we grow up that we realize our parents are just like...
intentional prayers for your mother or father—be they biological or adoptive, working or retired, frail or fit, married or separated, believers or unbelievers. Whatever their situation, if we want to love them well, we need to pray. Each of the 21 prayer themes in this book takes a passage of Scripture and suggests five things to pray for a particular area of your parents' lives. You can use this book in any number of ways: work through it as part of your daily quiet time or pick it up whenever a particular need arises. The command to honor our parents comes with a beautiful promise—"that it may go well with you" (Ephesians 6 v 3). The hope of this guide is that you will reap this blessing as you come before God with prayers that change things for an older generation. Chelsea Stanley serves with the women’s ministry team at Crossway Community Church in Bristol, Wisconsin. She has written for Desiring God, Risen Motherhood, and The Gospel Coalition.
