The biology and treatment of oligometastatic cancer
Apr 20, 2015 · Theories of metastasis. Metastasis is the cause of most cancer-related deaths [1]. In 1889, Stephen Paget [1] theorized that circulating tumor cells would “seed” to an amenable “soil”, suggesting that metastasis was not a matter of chance. Five years later, [3, 4], in 1894, Halstead theorized that cancer was an orderly disease that progressed in a contiguous ...
